Squishy Dumpling Toys

18 June 2026

Dear Parents and Carers,

Re: Squishy Dumpling Toys

Due to the fact that many Squishy Dumpling toys have been found to contain hazardous substances, please can we ask that children do not bring these into school.

In the interests of health and safety, if a child brings one of these toys into school, the toy will be taken to the school office for safe keeping and parents will be asked to collect it.

We thank you for your cooperation in this matter.

Yours sincerely

Mr J Mason
